

PREMIUM SAFEFOAM® PADDING

— WARRANTY —

MANUFACTURING DEFECTS

SafeFoam Pads are warrantied completely against manufacturing defects. Such defects include, but are not limited to, uncoated or improperly coated foam, incorrect size, or improper color. Manufacturing defects would be apparent before use or shortly after padding is put in use and must be delineated to manufacturer at that time. Digital pictures showing defect are required. Manufacturing defect claims for covers with extended use may be denied.

Upon verification of defect, manufacturer will either replace padding, repair to customer's satisfaction, or issue full or partial credit.

Manufacturer reserves the right to make the final judgment on the stated options.

A minor flaw such as a surface scrape does not constitute a defect and is not cause for return.

Warranty applies under conditions of normal use, but does not apply to problems resulting from any unreasonable use, mishandling, negligence, improper installation, intentional damage, or an "act of God".

ULTRA-VIOLET LIGHT BREAKDOWN

SafeFoam Pads are warrantied for 5 years against breakdown from the ultra-violet (UV) sunlight. Warranty is prorated over five-year period. UV breakdown is evident through the weathering of the padding, brittleness of the foam, and, at times, de-lamination of the exterior coating.

Upon verification of defect, Manufacturer will either credit customer or replace.

Manufacturer reserves the right to make final judgment on the stated options.

Freight charges for replacement of SafeFoam® are not included under warranty.

Report defects to sales@coversports.com. Please include proof of purchase.
